### TUCKSHOP CLOSED

Due to a lack of volunteers, the school tuckshop will be closed until further notice.

Thank you to the volunteers that have given so much of their time in the past to help out with tuckshop, and to Kym for taking on the role of volunteer Tuckshop Convener for so many years.

We hope that the closure will only be temporary, but it will depend on whether the P&C receive any offers of assistance.

If you are able to help with tuckshop please contact Kym or one of the P&C Executives.

### ICAS REMINDER

The next ICAS test will be Science on the 3rd June.

Entries are still open for English and Maths but will close soon.

If you wish to enter your child, entry forms are available in the reception office, or ask Donna for assistance.

### P&C FUNDRAISER

**QLD vs NSW**

Come Dressed in your fav' State Of Origin team this WEDNESDAY (tomorrow!)

GOLD COIN donation will go to the school P&C.
Full School Review
Attached to this week’s newsletter is an executive summary from our Full School Review which was undertaken a few weeks ago. Due to the size of the document, only the pages that supply a review have been included. A full copy is available from the office on request.

Now that the review has been completed, the school will undertake further consultation with the community to develop a strategic plan for the next four years. Please keep your eyes open early next term for a parent/caregiver survey.

Hearing Tests: Wuchopperen Health team will be in the school on June 18 & 19 performing hearing tests on children. Their primary role is testing of Indigenous children, but they have once again generously offered to test any children that parents and/or staff may be concerned about. Information / Permissions will be sent home in the near future. Please keep in mind that the Friday long distance events are from 2pm, and the sports day on Monday 22 June is a full school day.

Report Cards Email Trial
This year we are going to trial emailing student report cards home. (We will also send paper copies home). Please ensure that the email address you have given us is correct. Report cards will be coming home closer to the end of this term.

From the Principal

Year 1 and 2 have enjoyed learning about how people worked, played, prepared their food and travelled in the olden days. Last Tuesday we made butter using a modern machine (Thermomix) and an olden day butter churn. After an hour of students winding the handle vigorously, we still only had whipped cream. The Thermomix made butter very quickly for us! We asked questions about the materials used to make the kitchen appliances, how they worked and who used them. On Thursday we enjoyed playing olden day games including hoops, skipping, hopscotch and string games.

We finished our English unit. Students expressed their opinions about the illustrations in a traditional English version of Cinderella and a traditional Chinese version. Students were intrigued with Yeh Hsein’s traditional silk dress and golden platform shoes. Yeh Hsein does not have a fairy godmother! She has a magical fish called Gold Eyes who grants her wishes and helps her to do the washing!

In Maths Year 1 have learned to tell half past times, expanded their place value understanding and increased or decreased the value of numbers by one and ten. They are also working on cracking secret codes using subtraction facts. Year 2 have revised o’clock and half past, then learned about quarter past and quarter to.

In Bella’s opinion, the olden days would be fun because she would build rafts but it would also be tiring and your knuckles would be sore from using the washing board to scrub your clothes.

In Thomas’s opinion, it would be fun to live in the olden days because you would chop firewood. It would be hard work too, fetching water, digging up the garden, milking the cows and cleaning the clothes.

In Angie’s opinion it would be hard work to live in the olden days because he would have to chop down trees for firewood, and he would have to do the washing, but it would be fun to wear olden day clothes.

In Sam’s opinion, it would be bad to live in the olden days because it would be dangerous to cut the grass.

In Harry’s opinion, it would be hard work to live in the olden days because you’d have to chop wood. He’s sure you’d agree that it would be dangerous to cut the grass.

In Ben’s opinion, it would be fun to live in the olden days because you could ride a horse to school. It would be hard work because you had to mix the butter.

In Imogen’s opinion it would be fun to live in the olden days because you have to walk back to the house with two heavy buckets of water. It would be fun to build your own toys out of old things.

In Jon’s opinion, it would be hard work in the olden days because cleaning the clothes would be hard to do and you would have to do it for hours! The cars were slow and hard to drive and they would be scary because there were no seat belts!

In Jake’s opinion, it would be hard work in the olden days and he would be tired. It would be hard turning the handle on the butter churn and doing the washing. It would be hard cutting with the axe. It would be hard setting a fire when you are a kid. It will be hard when you are hunting for some meat. It would be hard work milking the cows and making a paddock with no tractor!
Update from the Prep class

The Prep class have had a great two weeks, filled with learning and fun, and learning that learning is fun!

In Maths we learned about 2 and 3 Dimensional shapes and then used large blocks to create some fantastic shapes and buildings.

Funky hair day was also lots of fun.

Pop into the Prep class and look at the great photos of our class making our buildings and check out our Funky Hair.

Update from the 3/4 class

Thanks to the parents and guardians who dropped in last week to view the students’ work and also glimpse the next unit:

"Aboriginal Peoples’ and Torres Strait Islander Peoples’ Stories"

To locate resources to help your child/ren, go to harbee.org and then the 3/4 menu Item. You will then see at the top of the 3/4 page:

"Famous Australians' Stories." then a series of hyperlinks

I am hoping that students will view this information and choose a story that interests them. The story can be historic, biographical, factual or a legend.

Some examples of what students might choose are - a dreamtime story; a famous Australian Olympian; a recent community story of success; ancient indigenous weapons and tools; bush foods.

The Year 4 students will soon be digitising their stories into 'multi-model (sounds, images and written text) PowerPoint Presentations. I encourage parents and guardians teaching these skills to their child/ren.

People are also encouraged to come to school and learn how to use PowerPoint with their children and/or borrow some of our resources to practise these skills.

The Year 3 students will be producing their stories on storyboards which will include sketches and accompanying paragraphs. I am hoping the year Threes (and Year Fours) will have a special topic on Aboriginal peoples’ and Torres Strait Islander stories by the second last week of this term - two weeks time. Thanks for your support with this Project. To view day to day student learning in all subjects, paste or type this link into your browser

If you want a printed copy of the calendar - see Mr Harris..

Update from the 5/6 class

Our first transition day went off very well with students participating in an IDT (Industrial Design Technology) lesson with Mr Tony Whybird. Our next visit will occur in semester two and will involve a core subject such as maths, english or science. Students appeared excited about the prospect of moving off to high school and enjoyed seeing students move from a lunch break to lessons smoothly and without incident.

Mid-term assessments are well underway with students working on a multi-media advertisement and maths tests. Other assessments occurring are in science and history.

In History, the students have started the final part of their assessment task which involves writing an historical narrative to describe the experiences of a free settler in Brisbane during the 1860s.

Last week, the students used sources to locate and record information about the daily life of a free settler. This week, they will use this information to plan and write their historical narrative.
A Big thank you to all the students who made “Funky Hair Day” just awesome!

At least 85% of the students paraded their funky hair and a girl and boy from each class was chosen to receive a prize.

The staff also were judged on the best Funky Hair. Mr Harris showed off his red sprayed locks but it was Diana Ross, the Afro Queen, alias (Mrs Tomo) who won the day.

Money raised was $115 towards the chaplaincy Program in the school. Well done everyone.

Winners of Funky Hair Day:
Prep—Jamie and Maria
Year1—Analise and Harry
Year 2—Lillie and Nate
Year3—Destinee and Zannyn
Year 4—Kira and Toby
Year 5—Stevie and Sascha and Brandon and Johnno
Year 6—Alex and Kasey and Page and Connor

Month of May ~
Happy Birthday Everyone!

Bree Anna 10th
Leearna 10th
Toby C 11th
Ashtyn 11th
Nate B 15th
Piper 15th
Kira 28th
Jonathan 29th
Mitchell 29th

Well Women’s Clinics
(These clinics are available to Medicare eligible clients)
Service includes Pap Smears, Sexual Health Screening, Breast Awareness, also info on Contraception, Continence, Menopause, Lifestyle Issues, Bowel Health, Domestic Violence, etc.

Updates from the P&C

Sports Day: A Decision was made at the last P&C Meeting that all years will receive a 1st, 2nd & 3rd ribbon for track events and only the Pre-yr1’s (2009 & 2010) will receive participation ribbon. Field events Ball games, long Jump etc only 10 years old and above will receive the 1st, 2nd & 3rd ribbons.

Krispy Kreme Donuts: Was a success thank you to all that ordered, until term 4.

Senior Shirts: Kym Ford is the only parent as it stands so if your child is in year 5 please see Kym if you would like to be on the committee.

Art Union Pledges: If you were able to obtain any pledges please return your forms to the collection box in the staff room. And thank you for your efforts a decision will be made soon if this will be going ahead.

Tuckshop: As you might have seen the tuckshop is closed until further notice as there was zero returns of the volunteer register returned. This is a great service for all our kids and we need helpers to keep it going so it is not the same 4 people doing it over and over again as we are all busy. All we ask is if you could volunteer for 1 Friday a term.

We are also looking for a new tuckshop convener. The tuckshop day and menu could change to suit the successful person and it will involve. Purchasing, rosters, prep work (if required on their menu) (All changes will need the Committees final approval)

We are also open to the addition of a day anything that could keep this great little service for our kids running.

If you are interested please get in touch with one of the committee or Kym

Next P&C Meeting

The next meeting will be on the 10th of June starting at 6.00pm sharp.

Thank you for your time.

Cirsty Kidner Bonadio
President
